Brian M. Tenggren

Experience

Intrepid Pursuits, Backend Development Apprentice
Boston, MA | January 2015-April 2015

- Created a Ruby on Rails API for Intrepid's current Onboarding App for newly hired employees and apprentices.

- Worked on a team to make design and technical decisions on how the API functions and interacts with mobile clients through multiple sprints in an agile process.

- Used Git, Heroku, Unicorn Webserver, Foreman, Thoughtbot's Suspenders, Bourbon, Neat, TDD with Rspec, FactoryGirl, Capybara, and JSON Schema.

General Assembly, Part-time Instructor
Boston, MA | September 2014-December 2014

-Taught Web Development Immersive students intro level Ruby on Rails and Javascript with Angular and Jquery.

- Developed practice exercises to help teach students to increase their understanding of object-oriented and core development fundamentals.

UMass Theatre Guild, Treasurer and Budget Director
Amherst, MA | Fall 2013-May 2014

- Managed a $20,000 budget and program operations.
- Worked with students to design, build, and create show materials, including costumes, sets, and scenic designs.
